## Director's Statement

2021 packed a lot into one year! The transitions for our library included staffing, hour changes, and a return to our Game Club! I want to personally thank Mr. Al for bringing Game Club back and we look forward to many more visits in the future.

In July, I started on as the new director. During the summer, we ran a summer employment program and Ana, Kaleigh, and Connor worked for a few months here. We appreciate their hard work and hope the best for them in 2022.

A lot of energy has accompanied the changing staff. We each have brought something new whether that's been a new perspective or even a well timed question. We all grow as we learn and it is my hope that we continue to learn together.
